The need for speed in securing donations is made imperative by the fact that the Freedom Bell, secured by the Crusade for Freedom, will be placed October 24, United Nations Day, in Berlin. The scrolls and money must be in General Clay's hands this week-end if the names are to get to Berlin in time.

Sheads said the bell construction is to be a symbol of the determination of free peoples to unite for the cause of freedom. The radio stations to be built by the funds in Germany will beam the truth 24 hours a day to the Russians.

General Clay became head of the Crusade for Freedom to raise money for the radio stations upon his return from Germany, where, as head of the military government he was pleased with the results shown by Radio Free. Europe, a privately sponsored radio station erected in Frankfort by a number of Americans who donated money for it. He then became head of the drive to construct more stations by private subscription in order to have enough stations there to reach all of the Russian people.

Packing your order may sound like a little thing, but our trained employees give it a lot of thought.

They know that it isn't right to place five pounds of flour on top of a quarter pound of butter . . . or to place soap next to cheese.

The men and women of A&P will appreciate it if you will let them have any suggestions as to how they can make a handier package for you to take home. Please

(AP Foreign Affairs Analyst) Ws Efforts of middle-of-the-road U. N. stinembers, headed by India, to recontile the divergent Korean peace philans of Russia and the western lecowers, were foredoomed to failure. ual There is no common ground upon Thylich the Communist and the ss Democratic blocs can meet where wideological matters are involved. joiThey are so diametrically opposed dithat any attempt to bridge the difinferences is like trying to carry In water on both shoulders.

The western mogram, by a majority of U. N. members, called for the complete defeat of the North Koreans, who have been condemned as aggressors by the pesca organization. The Soviet demanded immediate cessation of hostilities and complete withdrawal of U. N. troops - a plan which would save the North Koreans from complete disaster. The Indian bloc would order cease-fire but wouldn't withdrawn U. N. troops immediately a gesture to both sides.

Important Question The position was impossible. Vishinsky himself told newspaper men

that there was no chance of compromise between the Soviet and the ^{ef} majority plans. The Indian delegation naturally

has been following directions from Prime Minister Nehru in New Delhi In view of this it is noteworthy toment regarding Korea in a speech Tuesday at the meeting of the Institute of Pacific Relations in Lucknow. And this takes on special significance in view of the fact that he seems to have been adopting the role of Asiatic leadership in recent months.

Nehru declared in his address that the Korean war contains "seeds of a mighty conflict." He warned military leaders not to carry it too far. That seems to fit the stand taken by the Indian delegation in the U. N.

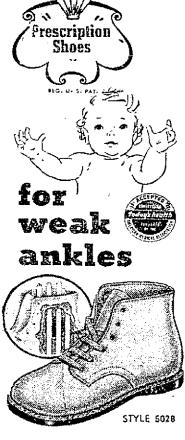

Thus the question naturally arises whether a middle-of-the-road course will represent Nehru's attitude towards communism in Asia as a whole. That's a mighty important question if he is in reality headed for leadership of that vast theatre to which the major weight of the offensive for the spread of communism is now being transferred.

Manager Eddie Sawyer lost his daring gamble on Jim Konstanty in yesterday's 1-0 opener But not before his relief ace turned in a pitching job that long will be remembered Vic Raschi simply threw too hard for the dazed National league champs despite Konstanty's hearttugging effort.

Now it's up to Roberts, wonder boy of Sunday's pennant clincher Well rested after his strenuous chore against Brooklyn, Roberts must win or the 1950 Series may not come back to Philadelphia,

After today's game at 1:00 p.m. (EST), the clubs move to New York's Yankee Stadium for the next three: —if five are needed. Only if a sixth. or seventh is played will they return to Shibe Park next week.

The Phils face an uphill job, reflected by the oddsmakers who rate the youthful Whiz Kids 5-to-1 underdogs in man-to-man betting Reynolds is a 714-to-5 choice over Roberts in the second game, to be played before more than 30,000 fans in fair, cool weather. Few want to wager that the Phils will even win two games after watching Raschi handcuff them with two singles in the opener.

Nehru declared in his address! that the Korean war contains "seeds of a mighty conflict." He warned military leaders not to carry it too far. That seems to fit the stand taken by the Indian delegation in the U. N.

Thus the question naturally arises whether a middle-of-the-road course will represent Nehru's attitude towards communism' in Asia as whole. That's a mighty important question if he is in reality headed for leadership of that vast theatre to which the major weight of the offensive for the spread of communism is now being transferred.
